

## DSLR Practice Shoot Directions:

In groups you will go out and capture shots, multiple times while changing only settings of your camera. You will shoot a series of shots inside a hallway and outside in natural light. Take a notebook with you to log all shots and the settings you used. We will share the findings with the class.

Hallway: Choose a hall with limited exposure to natural light.

Shot Type: Student trying to gain access to locker

- Adjust white balance
- Shutter Speed
- ISO
- Aperture
- Change Lens
- Frame Rate (Student is waving at camera)
- Rack Focus to another student

Outside: Standing student in sunlight

- Adjust white balance
- Shutter Speed
- ISO
- Aperture
- Change Lens
- Frame Rate (Student is waving at camera)
- Rack Focus to another student

Outside: Standing Student in shade

- Adjust white balance
- Shutter Speed
- ISO
- Aperture
- Change Lens
- Frame Rate (Student is waving at camera)
- Rack Focus to another student
